

Netwrix Auditor for Dell Data Storage

Complete visibility into what's going on across your Dell data storage devices

Netwrix Auditor for Dell Data Storage facilitates **data access governance** and better data management by delivering complete visibility into permissions structure, data ownership and data usage, file activity, and **user behavior** across your Dell VNX, VNXe, Celerra and Isilon storage devices. It provides **security intelligence** about who has access to what, who owns what data, which data is overexposed, whether there has been any anomalous activity, which files are stale, and more.

DETECT DATA SECURITY THREATS

Netwrix Auditor for Dell Data Storage delivers visibility into suspicious changes and data access, anomalous user behavior, excessive access rights, and more. This deep insight enables IT teams to more effectively detect security incidents and prevent data breaches.

PASS COMPLIANCE AUDITS WITH LESS EFFORT AND EXPENSE

The solution provides reports mapped to the most common compliance regulations, including PCI DSS, HIPAA, SOX, GLBA, FISMA/NIST, CJS and GDPR. You can also use the Interactive Search feature to create custom reports and quickly answer auditors' questions.

INCREASE THE PRODUCTIVITY OF YOUR IT TEAMS

Netwrix Auditor for Dell Data Storage simplifies report creation and automates report delivery to facilitate regular review. You can proactively detect, investigate and remediate unwanted changes — such as the accidental deletion of critical data — before the change disrupts the business.

CUSTOMER FEEDBACK

"Two of my major concerns were stale permissions and lack of visibility into who is accessing and modifying the data. Netwrix Auditor is the best for analyzing file permissions and overall activity monitoring. Plus, it has a small footprint and is easy to use, because you can do everything from one window."

Oscar Hicks, IT Director,
Clackamas Fire District #1

Key Features of Netwrix Auditor for Dell Data Storage

CONTROL OVER DATA ACCESS

Regular reporting on successful and failed file reads empowers you to monitor access to your sensitive files and folders and ensure no unauthorized access attempt goes unnoticed.

FILE ANALYSIS

File analysis reports help you make better data management decisions by providing valuable insight into data ownership, data usage, empty folders, and duplicate or unused files.

CONTROL OVER PERMISSIONS STATE

State-in-time compliance reports enable regular privilege attestation so you can validate that permissions are aligned with employees' roles and no permissions were changed without your approval

VISIBILITY INTO FILE AND USER ACTIVITY

Deep insight into changes on your Dell data storage devices with details about what was changed, who made the change, when and where the change occurred helps you spot suspicious activity that could threaten data security.

ALERTS ON THREAT PATTERNS

Create custom alerts on threat patterns to stay informed about suspicious events, such as too many file modifications or failed access attempts, so you can quickly respond to suspicious insider activity or a ransomware attack in progress.

DELEGATED USER ACCESS REVIEWS

Make sure only the right users have access to sensitive data: the optional access reviews module enables data owners to approve permissions and access requests instead of burdening your IT team.

HOW IS NETWRIX AUDITOR FOR DELL DATA STORAGE DIFFERENT?

NON-INTRUSIVE ARCHITECTURE

Operates without agents, so it never degrades system performance or causes any downtime.

TWO-TIERED DATA STORAGE

Keeps your entire audit trail for over 10 years in a reliable and cost-effective two-tiered (file-based + SQL database) storage and ensures easy access to it throughout the whole retention period.

RESTFUL API

Integrates with other security, compliance and IT automation tools, as well as third-party applications, to expand visibility to other systems and solidify the security of your data regardless of its location.

INTERACTIVE SEARCH

The Google-like search provides the flexibility needed to speed your security or compliance investigations. Supply your unique search criteria and quickly find the exact audit information you need.
